

Costka: Clay finishing plasters

DESCRIPTION:

Thin-layer clay plasters, made of 100% natural, human-friendly materials. Non-toxic, they don’t emit any volatile organic compounds. It’s made ethically in a small factory in Poland. A huge advantage of using clay plasters indoors is the regulation of moisture. It has the ability to accumulate heat on colder days and maintain lower temperatures in summer. Clay plasters are produced and sold in powder form, which makes them even more environmentally friendly.

- local production
- non-toxic alternative
- regulates air humidity
- only natural ingredients
- antifungal material

APPLICATION:

- internal walls
- ceilings

|---------------------------------------|---|
| Name | Clay finishing plaster |
| Country | Poland |
| Supplier | Costka |
| Composition | Colored clays, quartz sands, marble flour and natural fibers, mineral and organic additives |
| Material property certifications | Fire rating classification |
| Environmental & health certifications | CE Certification |

JOIN THE LIBRARY

We are convinced the change starts from design and designers.

Our Library of Sustainable Materials Library in Warsaw is a physical and digital repository of regenerative, sustainable and innovative materials for product design, interior design and architecture.

Our mission is to provide access to a carefully curated collection of materials that support responsible design – considering factors such as raw material origin, life cycle, biodegradability, recyclability and potential applications.

The Library is open to everyone – we invite you to collaborate with us in shaping a better future.

We understand how crucial the design phase is for the planet, which is why we support designers and architects in making conscious, responsible choices. We equip them with the knowledge and tools that foster creativity and contribute to human health and planetary well-being.

Visit the [Wise Habit Sustainable Materials Library](#) and join a community of architects building a more sustainable world.
